

MemoryCart AI Shipping Policy

Processing time

At MemoryCart, we pride ourselves on rapid fulfillment. All orders are processed and prepared for shipment within 24 to 48 business hours after payment confirmation. Please be aware that our fulfillment centers operate Monday through Friday. Orders are not processed, shipped, or delivered on weekends or national holidays. During periods of high demand, such as major sales events or the holiday season, order processing may be delayed by an additional 1 to 2 business days. We will notify you via email if there is a significant delay in the processing of your order.

Domestic shipping

We offer several domestic shipping options to suit your needs. Standard domestic shipping is absolutely free for all orders over \$50. For orders under the \$50 threshold, a flat rate standard shipping fee of \$5.99 applies. Standard domestic delivery typically takes 3 to 5 business days. We partner with reliable national carriers to ensure your packages arrive safely and on time. Deliveries are typically made between 8 AM and 8 PM local time.

International shipping

MemoryCart currently ships to a select number of international destinations, including Canada, the United Kingdom, and Australia. International shipping allows our global customers to enjoy our products. Please note that international shipments are subject to customs clearance procedures, which can cause delays beyond our original delivery estimates. Furthermore, international customers are entirely responsible for paying any applicable import duties, taxes, or customs fees levied by their local government. MemoryCart cannot predict or cover these additional costs.

Tracking orders

As soon as your order is packed and leaves our fulfillment center, you will receive a shipping confirmation email containing a unique tracking link. You can click this link to view real-time updates regarding your package's transit status. Additionally, if you have a MemoryCart account, you can log in and view your tracking information directly from the 'My Orders' section of your user dashboard.

Delays

While we strive for punctuality, shipments can occasionally be delayed due to unforeseen circumstances such as extreme weather, natural disasters, or logistical bottlenecks within the carrier's network. If your tracking information has not updated for more than 48 hours past your expected delivery date, please reach out to our customer support team so we can investigate the delay on your behalf.

Lost packages

If your tracking information indicates that your package was delivered, but you cannot locate it, please check your surroundings, porches, and with your neighbors. If the package remains missing after 48 hours from the "delivered" timestamp, contact us immediately. We will launch a formal investigation with the shipping carrier. If

the package is officially deemed lost in transit, we will issue a full replacement or a complete refund, depending on your preference and product availability.
